1. AANT Road Service Benefits

Here's everything you need to know about AANT Road Service, including all the terms and conditions of your Benefits.

By the way, when we refer to “you” or “you’re”, we mean you – the Product Holder. When we refer to “us”, “our” or “we”, we mean us – AANT. When we refer to “Benefits”, we mean the services that you receive as the Product Holder. For more definitions, refer to the glossary on page 26.

The Benefits

- Only apply to Breakdowns that occur within Australia
- Can only be provided within the locality of the Breakdown
- Only apply if you're driving the Vehicle at the time of the Breakdown, (unless you're supervising a learner driver. In this case, the Benefits will apply as if you were driving the Vehicle)
- Don't apply if you, against our advice or the advice of a qualified repairer, continue driving the Vehicle following a Breakdown
- If limits to the Benefits aren't listed for different AANT Road Service Products, the same Benefit applies for all Products.

If you request Road Service an excessive number of times for a single recurring Vehicle fault that you have failed to rectify, we may refuse or restrict your Benefits.

All AANT Road Service monetary Benefits, limits and charges include GST.

Road Service

Road Service is a Vehicle Breakdown service that provides you with assistance if your Vehicle and/ or Towed Unit has an unexpected mechanical or electrical fault or failure. Road Service does not cover an Insurable Event and is not a substitute for motor vehicle insurance.

You must be the driver of the Vehicle at the time of the Breakdown, and you must also be present when the AANT Service Provider arrives.

Road Service is available within Australia at any time, no matter what Vehicle you're driving.

Our main aim is to get your Vehicle moving after a Breakdown, but we can only undertake minor repairs that can, using parts and tools available within the service Vehicle, be completed safely and within a reasonable time, at the roadside.

The type of Road Services that are available may be influenced by the location and circumstances of the Breakdown.

You might need to pay for some services and Benefits if the Breakdown happens in a Non-Serviced Area. You may be eligible to get these costs reimbursed, but again this will depend on your level of Road Service (see section 6.7).

1.1 Road Service Call-out limits

- **Premium:** You get unlimited Call outs included in your Subscription Year
- **Plus:** You get unlimited Call outs included in your Subscription Year
- **Standard:** You get up to eight Call outs each Subscription Year. More than eight Call outs will incur an additional fee, which will need to be paid at the time of the Call out. We'll give all this information to you when you call us, so you can decide if you want to go ahead with the Call-out.

If you request a Call-out for a fault or defect, where we have previously attended, and you have failed to rectify, we can refuse or limit the Road Service.

Metro

If your Vehicle breaks down anywhere in the Metropolitan Patrol Serviced Area, an AANT Service Provider will attend without charge.

Regional

If your Vehicle breaks downs outside the Metropolitan Patrol Serviced Area, Road Service will be provided by the designated AANT Regional Service Depot for that location.

Call-outs to areas outside of the Metropolitan Patrol Serviced Area are limited to Breakdown locations within the following distances from the designated Regional Service Depot, per Incident:

- **Premium:** 200km (400km Round Trip)
- **Plus:** 100km (200km Round Trip)
- **Standard:** 32km (64km Round Trip).

If your Vehicle needs Road Service outside of these distances, there will be additional costs and these will need to be paid at the time of the Call-out. We'll give all this information to you when you call us, so you can decide if you want to go ahead with the Call-out.

1.2 Wheel changing

If you have a suitable, roadworthy spare wheel, the AANT Service Provider will change the wheel for you during the Call-out.

This Benefit is limited to

- Vehicles and/or Towed Units that weigh less than two tonnes fully loaded
- Circumstances that don't need specialised equipment to safely provide a wheel change.

If the Vehicle falls outside our weight and equipment limitations, an AANT Service Provider will be dispatched to assess and assist with the wheel change where possible, using your Vehicle manufacturer's wheel changing equipment.

Tyre repairs won't be undertaken at the roadside. This Benefit applies to all levels of Road Service.

1.3 Battery replacement/jump-start

If the Vehicle doesn't start because of a flat battery, the AANT Service Provider will assess the battery during the Call-out, and provide a jump-start if appropriate.

If necessary, and where available, we offer an extensive range of competitively priced automotive AANT branded batteries available for roadside purchase. If you'd like to purchase an AANT battery from the AANT Service Provider, (subject to availability) they'll install the AANT battery for no additional charge.

If you buy an AANT battery, the following discounts apply:

- **Premium:** \$11 discount
- **Plus:** \$11 discount
- **Standard:** nil.

Motorcycle batteries aren't available for roadside purchase. If your motorcycle needs a new battery, you can use your Towing Benefits (see section 2) to tow your motorbike to a designated AANT battery Service Centre, battery Stockist or another place of repair.

1.4 Lockout/locksmith services

If you tell us there's a child locked in a Vehicle or caravan, and that it's an emergency situation or the child is distressed, we'll transfer the call to emergency services (000), and send an AANT Service Provider.

If you've locked your keys in your Vehicle or caravan, the AANT Service Provider will make a reasonable attempt to unlock your vehicle using available hand tools. If this isn't possible, we can arrange for a locksmith to attend your Vehicle or caravan. If a locksmith attendance is needed because your Vehicle or caravan is disabled, then we'll contribute an amount towards the cost of the locksmith services.

The maximum we'll contribute to locksmith services in each Subscription Year is:

- **Premium:** \$165
- **Plus:** \$38.50
- **Standard:** \$22

Or, instead of using the locksmith contribution (or if a locksmith is unavailable), you can use your Towing Benefits (see section 2).

The locksmith contribution isn't available for Vehicles or caravans that have been disabled because of an Accident or vandalism, or if the Vehicle or caravan has been stolen.

1.5 Caravans/trailers

If you're towing a caravan, trailer, horse float or something similar, and that Towed Unit suffers an unexpected mechanical or electrical fault, failure, or lock-out, an AANT Service Provider will attend and provide assistance, as if it were a Vehicle Breakdown.

1.6 Motorcycles

If your motorcycle can't be ridden because of a mechanical or electrical fault, failure or puncture, an AANT Service Provider will attend and attempt to get your motorcycle going again.

If we're unable to fix the motorcycle at the roadside or you have a flat tyre, you can use your Towing Benefits (see section 2).

1.7 Fuel

Out of fuel

If your Vehicle has run out of fuel, the AANT Service Provider may provide, at your cost, sufficient fuel so that you can drive to the nearest fuel outlet.

If the AANT Service Provider can't supply fuel at the roadside, you can use your Towing Benefits (see section 2) to tow the Vehicle to a fuel outlet.

Incorrect fuel

If you've filled your Vehicle with incorrect fuel, you can use your Towing Benefits (see section 2) to tow the Vehicle to a place of safety or repair.

1.8 Electric Vehicles

If your Electric Vehicle runs out of charge, you can use your Towing Benefits (see section 2) to tow the Vehicle to your home or to the nearest Accessible Charging Station.

If you're towed to an Accessible Charging Station, you'll need to provide your own charging cable and/or adaptor to charge your Vehicle. We can't supply charging cables or adaptors for Electric Vehicles, and any costs associated with charging the Vehicle will be at your own expense.

2. Towing

If we're unable to get your Vehicle moving again, we'll arrange for a Towing Provider to tow the Vehicle to a place of safety or repair. Towing is only provided for mechanical or electrical fault or failure.

The Towing Benefits don't cover the towing or recovery of bogged Vehicles and/or Towed Units. However, we may arrange towing or recovery of bogged Vehicles and/or Towed Units at an additional expense.

Towing Benefits are limited to the distances and other conditions that are listed below. You must pay any additional fees applicable to the Excess Kilometres to the Towing Provider at the time of the tow. These additional fees are set by the Towing Provider. We'll tell you prior to attendance if an additional fee will apply to the tow. If you don't want to go ahead with the tow, you can cancel without charge any time before the Towing Provider is dispatched.
